

Thank you

for your support of our work

with former refugees in New Zealand!

Here are some new ways to stay involved!

Become a regular donor!

Monthly, weekly, annually! Credit card, direct debit, automatic bank payment! Visit our website for more info on regular giving.

Payroll giving!

We're a registered charity, so you can payroll give to us!

Join our Facebook and Twitter pages and share our news with your friends!

Keep up to date about what's going on, and encourage others to join, too!

Organise fundraising events!

Bring your neighbourhood or workplace together with a group garage sale or other fundraising event! Check out our 50 Ways to Raise \$100 guide for ideas!

See if a community group or school is interested in learning about us!

We're happy to talk with any group about what we do and ways they can be involved!

Volunteer for our one off events!

We often need volunteers for one off events. Let us know if you want to hear about opportunities in your area!

Collect donated goods for homes!

Beds! Computers! Curtains! Blankets! If you know a company or individual willing to donate used goods, we'd love to speak with them and answer any questions!

Share your special skills!

Know how to set up websites? Take great photos? Event plan? Face paint? We appreciate any talent you'd like to share!

Tell your friends about our work!

Maybe they want to get involved, maybe they want to donate, or maybe they are just interested in learning about refugee resettlement in New Zealand.

Volunteer with a family!

We know it's a big commitment, but it's a great way to support if you have the time!

Put interested employers in touch with your local Pathways to Employment manager!

Refugee Services relies on partnerships with employers who are interested in providing former refugees with employment opportunities. If you or someone you know would like more info, contact Teresa.
