

“Fresh Start” Programme

Giving a one-off donation provides us the support we need to help put refugee families on a path to successful resettlement. A **monthly gift** keeps them on it until they can manage on their own.

Our “**Fresh Start**” Programme offers an effective and convenient way to support refugee families arriving in New Zealand and giving on a monthly basis is the best way you can help us to achieve our long term goals.

Your help will allow us to ensure that Refugee Services can provide the best support possible for our refugee clients so that they can most successfully resettle, prosper and grow.

How Does It Work: You create an automatic payment so that each month a contribution is transferred from your account to Refugee Services. You can increase, decrease, or suspend your gift amount at any time. We would just appreciate you letting us know. Phone (04) 815 9100 or email info@refugeeservices.org.nz

- **It’s effective:** You help us cut down on administrative costs and put more resources towards our service provision.
- **It’s convenient:** You chose the amount and the day. It is flexible to work with your finances and your needs.
- **It’s worry-free:** It is automatically deducted from your bank account so there is no concern about making payments.
- **It works for you:** You can budget more easily and build a larger tax deduction which, thanks to the recent change in tax limits, now ALL your gifts are tax deductible.
